NATIONAL SORRY DAY 26 MAY 2007: HELP CONTINUE THE JOURNEY OF HEALING

All South Australians are warmly invited to attend the coming SORRY DAY event and take part in National Sorry Day activities at the Migration Museum on Saturday May 26 from 10.30 to 4pm.

The theme this year is "Stolen Generations Track Home".

All South Australians are warmly invited to help us continue the Journey of Healing.

This year is the 10th anniversary of the release of the *Bringing Them Home* report and 40 years since the 1967 Referendum – which both mark this event as quite an historic occasion.

Sorry Day 2007 will highlight the launch of a significant book that focuses on the Ngarrindjeri Stolen Generations, and there will be speakers from government and the general community. There will also be Aboriginal entertainment and a BBQ. This is to be followed in the afternoon by a forum organized by ANTaR SA regarding the 40th anniversary of the 1967 Referendum. Further information about the forum and to RSVP attendance please contact Glenn Giles of ANTaR on 8272 0170 or antarsa@internode.on.net.

The anniversary of Sorry Day has special significance to Aboriginal people. It is the day many of the Australian people said, and continue to say, "Sorry". This is extremely important, as there are not many moments in the history of Australia when Aboriginal people's pain and suffering is acknowledged.

Please contact John Browne, Chair of the Journey of Healing Association of South Australia Inc. on 8302 0921, or john.browne@unisa.edu.au for further information and interviews.
